

VISION MAX PRO

MAX Pro

This compact design can engrave flat, thick, odd-shaped or cylindrical objects—as well as glass items! It has a built-in high speed controller which connects easily to your PC or network, and works with an easy to use pendant. The MAX-Pro features our Laser Assisted Auto Layout technology and an all new Laser Job Previewer, making it one of Vision's most versatile engravers.

Features & Benefits:

- ◆ Large 8" x 12" engraving area
- ◆ Laser assisted auto-layout
- ◆ Laser job previewer
- ◆ 16,000 RPM spindle (collet spindle available)
- ◆ Engraving speeds up to 10" per second
- ◆ Compatible with most industry engraving programs, including CorelDraw™
- ◆ Compatible with all industry standard holding fixtures
- ◆ 3" Spindle Travel
- ◆ Ergonomically designed, full function pendant w/ LCD
- ◆ Integrated water system for glass engraving
- ◆ Motorized work holding vise
- ◆ T-Slot clamping table
- ◆ Optional ring engraving attachment
- ◆ And much more!

◀By accommodating all industry standard holding fixtures, the MAX Pro engraves a wide variety of trophy and gift items.

You can quickly switch between MAX Pro's motorized vise and its t-slot table. ▶
